

2A Newsletter  
October 24-28, 2011

Language Arts

We will be reading the story, "Click, Clack, Moo: Cows That Type" by Doreen Cronin. We will identify the plot of a story and identify events that make up the plot.

Spelling and Phonics

Our phonics skill this week will be the long vowel /o/oa, and ow. We will also be working with compound words. Examples of the spelling words are; boat, snow, coat, grow, own, low, and bowl.

Math

We will be testing over Chapter 6 Subtraction Strategies. The students will be exploring 2-digit addition in Chapter 7. We will use mental math to count by tens and ones to a 2-digit number, and will regroup ones as tens. Please reinforce these concepts at home with your child.

Science

We will be identifying features of a rain forest and of a desert and plants and animals that live there.
