

# 2A Newsletter

## April 18-21, 2011

### Language Arts

We will be reading a nonfiction selection, "Let's Go Rock Collecting." Our comprehension skill will focus on Making Inferences. The students are welcome to bring rocks from their collection to school to show the class if they wish.

### Spelling and Phonics

Our phonics skills will be the Vowel Variant /o/ a(l), ough and the suffix -tion. Some examples of the words are ball, talk, fought, hall, bought, all, chalk, and small.

### Math

We will begin Chapter 19 on Solid Figures. The students will be identifying solid figures, and sorting solid figures by the number of faces, edges, and vertices.

### Science

The students will be working in groups and choosing activities from a tic-tac-toe board to help them learn about the planets. Thank you to all parents for making the dough for our planet project!
